

Don't compromise when it comes to transforming your home

Started in 2019 by lifelong friends, Paul Agnew, Paul Gouthwaite and Lee Madine, Optic Windows and Doors was formed on our passion for wanting to offer competitively priced, quality products to homeowners throughout the North West.

At Optic, we believe that when the time comes to making home improvements you should never have to compromise. You shouldn't have to choose price over quality, or the things that you like over the things that you love. That's why we ensure that everything is built to last and priced to make you smile. So you can turn your house into your dream home without compromise.

Improving homes in Liverpool... and beyond!

Metropolitan Liverpool is Optic's hometown, but our many satisfied customers live all over Merseyside and the North West, in places like Birkenhead, Bootle, St Helen's, Kirkby, Southport and further afield such as Ormskirk, Rainhill, Widnes and Wigan. Where you are in the North West you can expect a warm Liverpoolian welcome and the best level of expertise, care and attention.

Door Colours

We understand the demand and expectation of our customers that the colour of their front door is more than just a part of their house - it's a reflection of who they are and really the front page of their home.

Working with specialist paint manufacturers for Composite Doors - we have the ability to make your front door any colour you wish.

Bespoke Colours

Have a colour in mind that you would love to see on a door? We can colour match thousands of colours for your door, frame and windows.

Glazing Options

On each page, you'll see our most popular glass designs in each of the door styles.

We also have two extremely popular satin-border glass designs, Kensington and Victorian which make a fantastic addition to any door, and is available in every door style, whether it's listed or not.

If you're looking for a more cost-effective glazing solution for your door - we have a range of textured glass designs for most door styles.

For a wider range of glass designs, please ask for a copy of a full Door Glass Brochure from Optic Composite Doors.

Hardware Options

We are constantly on the lookout for new and exciting hardware options for our customers and can source different designs for pull bars, lever handles, knockers and escutcheons.

Whether you're looking for something traditional for our Heritage and Cottage Doors, or contemporary for the Modern Collection Doors - we can help to specify a range of products.

Sidelight Options

If you're looking for a bespoke sized, personalised sidelight to suit your door way - we have a fantastic service to incorporate your house name, number or address into a sidelight.

With a range of borders, font styles and designs to choose from - it's a simple but effective way to make your entranceway truly unique.

If you're looking to use a cassette sidelight in your entranceway - the vast majority of our glass ranges available in standard sizing. Please get in touch with your sidelight requirements and a member of the team will be able to advise.

Urban Frames

For a contemporary or modern twist on our doors showing the Urban Glazing logo - you can swap the traditional moulded design of a glazing cassette with our Contemporary Glazing System - Urban Frames.

Available in a range of finishes - you can opt for a sleek Anodised finish, a traditional woodgrain effect to match your door or a modern, colour matched powder-coated finish.

The frame design can be matched inside and out, or if you desire - a white PVC frame to compliment the white internal of your entranceway can be selected also.
